

INSTRUCTIONS:

Decipher the riddles provided to find each of the four (4) scavenger hunt spots, located at various landmarks of Bethany! The first riddle and combination will be provided in the Bethany BTC Bank lobby and listed below.

Once you have deciphered a riddle, you should travel to that location and search for a padlocked container. This container will hold a:

- **small prize** – for the first 100 participants; please take only one (1) per participant
- **notepad** – each participant must log their name, time and date of visit at each location to be eligible for the \$100 drawing
- **fun fact about BTC Bank** – use this super- cool and valuable information to school your friends, family members, or coworkers on BTC knowledge
- **riddle** – decipher a clue using BTC Bank’s website (btcbank.bank), google, or phone-a-friend to locate the next container’s location
- **combination** – this will unlock the padlock at the *next* location

Search for one of these containers at each scavenger hunt location.

What to look for: Each container will be hidden within close proximity of each landmark. At the 1st, 2nd and 3rd locations, you should search for a small, forest green container. At the 4th and final location, you should search for a large, black container. *These containers will be tethered to a stationary object. Please leave them in their locations.*

Unlocking/Locking padlocks: Enter the combination provided with the previous riddle, pull up and rotate the shackle to open. To Lock: turn the shackle back to normal position, push down and scramble the numbers to lock. *Please double check to make sure the shackle is securely locked before moving on to the next location.*

The 100th Year Summer Scavenger Hunt is to be completed at your own leisure, there will not be an affiliate of BTC Bank to guide or assist. For any questions or concerns, email info@btcbank.bank, or call 660-425-7285.

FIRST RIDDLE:

Ready to take on the challenge??
It’s officially time to scavenge!

Your very first stop
is the perfect place for a photo op.

Located right by your favorite banking facility,
You will find a beautiful scene with water-crossing capability.

Hidden somewhere near this spot,
You should find a box with a lock.

Use the following combination
To receive a small prize at your first location!
Padlock combination: **1-0-9**
